

A CALL TO MEN

National Association of Men and Women
Committed to Ending Violence Against Women

A CALL TO MEN is a leading national men's organization addressing men's violence against women, and the eradication of sexism, while maintaining strong coalitions with women's organizations already doing this important work. We help to organize communities in order to raise awareness and get men involved in ending violence against women.

OUR MISSION: To galvanize a national movement of men committed to ending all forms of violence against women.

OUR PURPOSE: To influence change in men's behavior through a re-education and training process that challenges sexism.

OUR VISION: To shift social norms defining manhood in our culture.

A CALL TO MEN believes that ending violence against women is primarily the responsibility of men. Although historically it has been almost entirely women who have been at the forefront addressing this issue, we think it is essential that men play a primary role in the solution to end it. To do that, well-meaning men...men who, for the most part don't see themselves as part of the problem...need to get involved.

By strategizing with groups across the United States, our vision is to shift social norms that define manhood in our culture, and produce a national movement of men committed to ending violence against women. Through seminars, workshops and other educational vehicles, A Call to Men challenges men to reconsider their long held beliefs about women, in an effort to create a more just society. We achieve this by encouraging change in the behaviors of men through a re-education and training process that challenges sexism. **Please join us!**
